WHO WE ARE

KARMA

OUR BRAND

Artists + engineers. Visionaries + pragmatists. Rule followers + troublemakers. KARMA is driven to transform the industry through our inventive approach, our timeless offerings and our commitment to our elite community of owners. Every millimeter, intentional. Every moment, exceptional. Every vehicle, a masterpiece. We're not simply manufacturing vehicles — we're crafting unforgettable experiences meant to create continuous awe for our drivers, building masterworks of art that become extensions of our drivers' souls.

ABOUT KARMA AUTOMOTIVE

KARMA Automotive is an ultra-luxury vehicle company that engineers, designs and manufactures its electric and range-extended electric vehicles in Southern California. Headquartered in Irvine, with a production facility up the road in Moreno Valley, KARMA's dealer network includes North America, Europe, South America and the Middle East.

Purpose + Possibility

THE STORY OF KAVEYA.

We set out on a journey — not to create the perfect vehicle or even the perfect company. Instead, we embarked upon a quest to create the perfect experience: every detail, every touch, every possibility. The result? The unparalleled Kaveya. In a word? Sublime.

AMERICAN SUBLIME, DEFINED.

A design that feels both reminiscent and transcendent. A driving experience aimed to thrill and comfort. Features that anticipate and care for every need. This is not an automobile. It is an extension of you.

KARMA
